### Lake Constance

Three countries and one lake ... there is hardly any better description for the international, yet German speaking region of Lake Constance with its cultural diversity and scenic beauty of nature as well as the fruit growing areas and wineries around the lake. Come and discover the historical, cultural and scenic gems the area of Lake Constance has to offer. We chose Constance (German Konstanz), the largest and best-known city on Lake Constance as the base for the last phase of your honeymoon trip. The region is characterised by unspoiled landscape, palaces and castles. You will be enchanted by the landscape with reed-clad shores, breathtaking views, orchards, gently rolling hills, and not least, the islands of Mainau and Reichenau. There is a lot to explore on your strolls through well restored old towns, castles and palaces, medieval churches, and, of course, the taste of the regional cuisine typical of Lake Constance.

**Konstanz** (Constance): The city's location on Lake Constance, a precious preserved old town with winding streets and a magnificent minster, international flair and, of course, the island of Mainau as part of the city make Konstanz a very attractive holiday destination. From 2014 to 2018, Constance is celebrating the 600th anniversary of the Konstanz Council under the banner "Europe is our guest". Enjoy the ambiance of the well preserved old town at your leisure, shopping, a coffee break or a glass of wine overlooking the lake.

**Day 4, Constance – Mainau**

This morning your guide will take you on a walking tour of the old town of Constance. In the afternoon we recommend you to visit Mainau. The 45 hectar island is located in the proximity of Konstanz just off the shores of the lake. For more than 150 years the old palm house with giant sequoias has been welcoming visitors to enjoy botany. Around a million tulips, rhododendrons, scented roses, perennials and colourful dahlias bloom in the park and gardens. Palms and citrus plants add a Mediterranean flavour to the island in the summer time. Visit the Baroque castle dating back to 1746 and the castle church St. Marien as the architectural highlights of the Baroque era.
